Dear Jaqui

Thank you for bringing Youthtown to Ramarama School to teach us a series of things. My favourite moment was when we were in the pool snorkeling and there was only three people left in the pool (me and two other people). And it was so fun! The most challenging one for me was the Slack lining because we had to try to walk across the slack line without touching the top line.

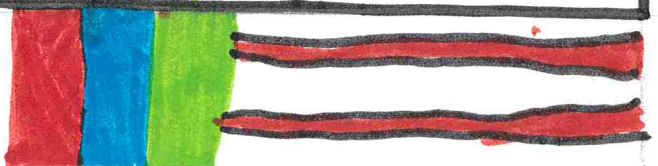

During the day I felt constantly excited for a new challenge. The funniest moment for me was: When we were on the slack line we had to try get each other off the slack line. When Youthtown came to Ramarama School I learned that if you keep trying you can accomplish anything!

I needed to use a growth Mind set in the team challenges because we had to keep persevering on all of the activities.

In conclusion thank you for teaching us new things and keeping us safe.

Yours sincerely Ellae

Dear Youthtown,

Thank you for coming to our School on Tuesday the 13th of March 2018.

My favourite moment was the rockets because it was a very hot day and we got wet from the water, which was very cooling. A difficult moment was the slack lining because it wasn't a flat surface. The funniest moment was when I got Heidi really, really wet. I learnt to never give up.

I had never built a tee pee before so I didn't think I could, but I did and got first place for it. I felt tired throughout EOTC week.

Thank you Youthtown for coming to school and doing all the fun activities with us.

From Katrice
